

# SEWAGE PUMPING STATIONS

## 6x6 ABOVE GROUND

The 6x6 above ground lift station is a fully customizable, compact, pre-engineered unit shipped complete from the factory. Just add power and connect piping.

Outside, the neat, trim low-silhouette fiberglass cover blends with its surroundings. Fiberglass enclosure resists corrosion and provides protection from weather.

Removable or hinged door panel provides easy access to pumps and robust NEMA controls for maintenance and service as well as vandal-resistant design for added security.

The 6x6 fiberglass enclosure accommodates two Super T Series® or Ultra V Series® pumps with motors sized to meet your requirements. Depending on pump model, pumps are available in 2" to 6" sizes with capacities from 50 to 1300 GPM on single pump operation up to 25 HP.
